1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Gzybowski on November 17, 2004.

The application has been amended as follows: Cancel claims 4,6 and 11-14.

2. The following is an examiner's statement of reasons for allowance: The claims require the incorporation of a coupling agent selected from an epoxy or methacryloxy silane. The specification provides a showing which compares the claimed silanes with amino silanes, shown in the Miyata. The allegation of unexpected results due to the incorporation of the claimed silanes when compared to the amino silane has been found persuasive.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
